

# Shepherd's Care Ministries

## *Shepherds Care Ministries*

### **Purpose Statement**

Our nonprofit evangelical association exists to provide Christian ministries dedicated to bringing the Gospel of Jesus Christ into a broken world. We offer free Christian Pastoral Counseling & Care services to survivors of ritual abuses like SRA, Clergy Abuse and Sexual Abuse. We provide teaching, training & mentoring of Christian professionals and laity in the issues of Spiritual Healing, Spiritual Warfare, & Deliverance Ministries to reach people separated from God, in and out of the church.

We publish Christian literature for the equipping of anyone who wishes to provide care for these individuals. We use non-traditional methods like a virtual church in chat rooms; counseling via the Internet, email & video conferencing; worship services outside traditional modes; and the training & mentoring for giving God's unconditional love to people with special needs, without expecting anything in return.

We offer traditional teaching ministries for leadership training in Reformation and Renewal of churches in various Biblical Disciplines such as Prayer, Evangelism and Peace-making through Conflict Resolution; by establishing home churches to function independently of institutions in providing local neighborhood care; and training volunteers in how to operate publicly-supported community outreaches through schools and other non-profit groups outside of mainline churches.

## **SCM's Vision Statement**

### *Paraphrase of Luke 14: 12-14*

**"When you give to others from your abundance, give first to those in need of you, the hungry, the homeless, the jobless and afraid, those sick and imprisoned, without hope and no means to repay you;**

(Giving without expecting anything in return.)

**Then give to your family and friends, or wealthy neighbors who can repay you, from their own abundance and satisfaction is yours. For when you give to the least of these, you have given unto Me says the Lord."**
